

Portable hand washing for the beauty industry

Perfect for salons, pop-up stalls and retail outlets

Highly portable - no plumbing required

Practising good hand hygiene can be tough in a busy salon or when travelling between customers.

It's important that professionals have constant access to hand washing facilities in order to maintain a reputation for high standards and excellence in hygiene.

 **Order online by visiting tealwash.com/beauty**

TEAL mobile sinks need no mains water service or drainage connections.

The TEAL beauty range

Professionals in the beauty industry need to maintain a reputation for high standards and excellence in hygiene.

This is why it's important that they have constant access to hand washing facilities.

With 80% of bacteria and diseases spread by touch, there are high risks of cross-contamination

between clients and practitioner and their tools which makes good hand hygiene essential.

Access to running water is often overlooked due to the use of single-use gloves and sanitisers but these are renowned for being much less effective at achieving proper hand hygiene than simple soap and running water.

The Handeman Xtra

The Handeman Xtra Portable is perfect for any situation where a hot water hand wash is a requirement and there is no power supply or plumbing available.

The Super Stallette

Highly portable - the Super Stallette can be plugged in to any convenient 13 amp socket, with nothing to reset or adjust. It provides up to 50 ten second hot washes per filling.

The Hygienius

It's highly portable needing no plumbing, requiring only a 13 amp power socket for operation. The automatic sensor starts a ten second flow of hot water when hands are placed within range.

TEAL has specialised in designing and developing mobile and portable hot water sinks and basins since 1959 by providing exactly the right facilities where mains fresh water and drainage are non-existent.
