

Announcing the new HandSpa by Teal

Effective hand hygiene for the beauty industry

The HandSpa need no mains water service or drainage connections

BY TEAL
HandSpa

Delivering superb hand washing - *at the point of need.*

The automatic sensor delivers a hygienic hand wash without having to touch a tap or button.

The HandSpa can be plugged in to any convenient 13 amp socket

Using tried and tested automatic sensor technology, the HandSpa is fully automatic with nothing to reset and nothing to adjust.

Professionals in the beauty industry need to maintain a reputation for high standards and excellence in hygiene.

This is why it's important that they have constant access to hand washing facilities.

The unique features of the HandSpa

- Hands free operation under warm running water
- The water always at the optimum temperature of 40° - 43°C
- Easy to locate - the HandSpa can be plugged in to any convenient 13 amp socket
