

Portable hand washing for the beauty and aesthetics industry

Perfect for salons, pop-up stalls and retail outlets

Highly portable - no plumbing required

Practising good hand hygiene can be tough in a busy salon or when travelling between customers.

It's important that professionals have constant access to hand washing facilities in order to maintain a reputation for high standards and excellence in hygiene.

Order online by visiting tealwash.com/beauty

Mobile sinks that need no mains water service or drainage connections.

The beauty and aesthetics range

Professionals in the beauty industry need to maintain a reputation for high standards and excellence in hygiene.

This is why it's important that they have constant access to hand washing facilities.

With 80% of bacteria and diseases spread by touch, there are high risks of cross-

contamination between clients and practitioner and their tools which makes good hand hygiene essential.

Access to running water is often overlooked due to the use of single-use gloves and sanitisers but these are renowned for being much less effective at achieving proper hand hygiene than simple soap and running water.

The HandSpa

NEW! Delivering superb hand washing – at the point of need.

The automatic sensor delivers a hygienic hand wash without having to touch a tap or button.

Available colours

Super Stallette

Highly portable - the Super Stallette can be plugged in to any convenient 13 amp socket, with nothing to reset or adjust. It gives up to 50 ten second hot washes per filling.

Available colours

The Hygienius

Very portable and needs no plumbing, requiring only a 13 amp power socket for operation. The automatic sensor starts a ten second flow of hot water when hands are placed within range.

Available colours

Handeman Xtra

The Handeman Xtra Portable is perfect for any situation where a hot water hand wash is a requirement and there is no power supply or plumbing available.

Available colours

Teal's mobile beauty units include the Hygienius and the Super Stallette – both of which can be positioned near any standard power socket.

The new HandSpa is not intended to be moved around, but just needs a normal power supply.

The highly portable Handeman Xtra Portable can be carried to wherever it's needed.
