The KiddiSynk

Hand washing - the most
important lesson a child
can learn!

Ideal for
preschool and
nurseries

Robust and easy to clean, the KiddiSynk has been designed with smaller hands in mind – and it's so easy to use!

It's portable, rugged and easy to clean

The KiddiSynk is the complete answer for hand washing and handwash training for little ones and is perfect for indoor or outdoor use.

Age range:- 18 months +

Children love it – it's so easy to use and becomes part of the play routine.

But do you have trouble with clean hand training?

- Do you have to drag children away from play to some adult type wash room or toilet?
- Can they then reach the bowl comfortably and can they use the old fashioned type twist taps?
- Is getting them to mix hot and cold water an invitation for chaos?

The KiddiSynk can be used indoors and out

- Do you have to drag children away from play to some adult type wash room or toilet?
- The lightweight tap is simple to use with just one finger. So there is no re-contamination from dirty taps.
- The waste water is secure in the separate 10 litre container.
- Easy to fill and easy to empty.
- No moving parts to trap tiny fingers.
- Fill with 8 litres of fresh warm water to achieve up to 40-ten second washes at an ideal temperature for small hands.

Specification

- Overall height 1000mm
- Height to bowl 630mm
- Width 370mm
- Depth 475mm
- Water capacity 8 litres.

Construction

- The body is fully moulded in high impact polyethylene.

Optional Extras

- Paper towel holder (SSTH)
- Soap dispenser and bracket (SSSD).

**Ideal for
preschool and
nurseries**

**Suitable
for indoor
and outdoor
use!**
