The Handeman Xtra provides a minimum of fifteen 12 second hand washes per filling – enough for a hard day's work – providing hot water with fingertip tap operation.

For hot water hand washing in commercial vehicles

Hot water hand washing benefits from an ideal water temperature of 38°C – 43°C.

Handeman Xtra mobile sinks for motor vehicles are the perfect solution for those that need a hot water hand wash on the move.

It simply connects to the vehicle's electricity supply, ensuring hot water is always to hand: no plumbing is required.

The Handeman Xtra for motor vehicles is supplied in a practical 2 tone grey colour.

All Handeman Xtra models have a detachable bowl which retains the dirty water, removing the need for a separate waste pipe or waste water storage container.

Available in 12 and 24 volt versions.

It's robustly constructed in hi-impact polyethylene enabling it to stand up to the rough and tumble of on the road use.

Hot water hand washing benefits from an ideal water temperature of 38-43°C.
