**Suitable for all electric, diesel
and petrol motor vehicles**

The TealWash provides a minimum of twenty 12 second hand washes per filling – enough for a hard day’s work – providing hot water with fingertip tap operation.

For hot water hand washing in commercial vehicles

Hot water hand washing benefits from an ideal water temperature of 38°C – 43°C.

TealWash mobile sinks for motor vehicles are the perfect solution for those that need a hot water hand wash on the move.

It simply connects to the vehicle’s electricity supply, ensuring hot water is always to hand: no plumbing is required.

The TealWash vehicles is supplied in a practical two tone grey colour.

Simply place a suitable container (*not supplied*) underneath the blue outlet pipe (*supplied*) on the TealWash to collect the waste water during hand washing.

Available in 12 and 24 volt versions.

It’s robustly constructed in hi-impact polyethylene enabling it to stand up to the rough and tumble of on the road use.

Hot water hand washing benefits from an ideal water temperature of 38-43°C.

It’s suitable for every electric, diesel and petrol motor vehicle
